

Volunteer Opportunities 2025

As a registered charity, the MND Association of WA relies on the generosity of our community to support our events and operations.
We offer a variety of roles for volunteers so you are sure to find something that suits you.

Walk to Defeat MND

Bunbury Sunday 6 April

Set up 9am – 10am

General volunteers 9.30am – 1pm

Perth Sunday 4 May

Wednesday 21 May

Thursday 20 November

Our Volunteer Program

Member of:

Why Volunteer?

Volunteers are a vital part of the Association's team. Without them, we simply could not run many of our events and activities. As a charitable organisation, having this community of help allows us to focus on providing services and support for those who need us.

In return, we offer you an enjoyable experience, working with like-minded people and the satisfaction of making a real difference.

Where appropriate, we can also offer recognition of the time you have volunteered, which may contribute to your study or employment volunteering program.

Who can volunteer?

We are always looking to grow our pool of volunteers. All we ask is for a positive attitude, and an understanding that we are relying on you!

Individuals or groups can volunteer. We also work with student and corporate teams to provide opportunities for team-building, corporate volunteering or work experience.

No specific qualifications are required, though some roles may require police or medical checks (such as Proof of Vaccinations).

What will I be doing?

There are many ways you can help out. Majority of our volunteer roles are based around events (particularly around set-up and collecting donations or selling merchandise). However we also require assistance in other areas of the business and will work with volunteers to match their skillset.

What support will I receive?

Our staff are always available to support you and ensure you feel comfortable in your role. Upon application, you may wish to chat with a team member to better understand what may be expected of you.

What next?

1. Get in touch - Submit your interest by email, via the online form or by applying for an advertised position.
2. Complete the application form - let us know what you are interested in, your skills/background and your availability.
3. Our Volunteer Coordinator will be in touch via phone or email to confirm your details and answer any questions.
4. When an event or opportunity to help comes up, we send an alert to our volunteer list. Reply to the email if you are available and our Volunteer Coordinator will be in touch to discuss roles and shifts.

Volunteers may choose to help at just one event, or on a regular, ongoing basis.

Motor Neurone Disease (MND) is diagnosed in people of all ages, men and women. Currently there is no cure, however symptoms can be managed to help the person achieve the best possible quality of life.

MNDWA delivers person-centred support and specialist care to people affected by MND in Western Australia.

We rely heavily on the generosity and support of the community to continue to provide vital care and support services.
